THE WASHINGTON ASTHMA INITIATIVE

is a statewide coalition comprised of organizations, agencies, and community members who are dedicated to "mobilizing individuals and communities throughout the state to improve the prevention, diagnosis, and management of asthma in order to decrease its individual and societal burdens."

ACCREDITATION

Accreditation applications have been approved by the Washington State Nursing Association (WSNA) 20.1 CEC, Continuing Respiratory Care Education (CRCE) 15.25 CEC, Washington State Pharmacy Association (WSPA) 18.5 CEC, and the Society for Public Health Education (SOPHE) 17.0 continuing education credits.

PARTICIPANTS RECEIVE

- * The latest research on the pathophysiology and factors contributing toward asthma and guidelines for asthma management.
- * Examples of successfully implemented components of asthma education and outcomes monitoring in the clinical setting.
- * Cutting edge information regarding appropriate pharmacological interventions in order to optimize medication planning for patients with ranging levels of asthma severity and adherence behaviors.
- * A professional networking environment.

Thursday, May 15, 2003

7:00- 7:30 AM
Continental Breakfast and Registration

7:30 - 8:00 AM
Welcome, Overview of Institute

I. The Science of Asthma & Assessment

8:00- 9:30 AM
Asthma Pathophysiology

9:30- 9:45 PM
Break

9:45- 11:45 AM
Assessment of the Individual with Asthma: History, Physical, and Objective Measures

11:45 - 1:00 PM
Lunch

1:00- 2:00 PM
Theoretical Models: Understanding Individual Responses to Asthma

2:00- 3:00 PM
Environmental Assessment

3:00- 3:15 PM
Break

3:15- 4:30 PM
Case Studies/Panel Discussion: Application of Theoretical Models and the Assessment Process

Friday, May 16, 2003

7:00- 7:30 AM
Continental Breakfast and Welcome

II. Asthma Management

7:30- 9:15 AM
Multidimensional Assessment of the Individual with Asthma: Non-Physiological Factors

9:15- 9:30 AM
Break

9:30- 11:15 AM
Pharmacological Management of Asthma and Co-Morbid Conditions

11:15- 12:00 PM
Adherence Issues in Asthma Management

12:00- 1:00 PM
Lunch

1:00- 2:00 PM
Alternative and Complementary Approaches to Asthma Management

2:00- 3:00 PM
Asthma Action Plans

3:00- 3:15 PM
Break

3:15- 4:15 PM
Environmental Modification Counseling

III. Developing an Educational Plan for Persons with Asthma

4:15- 4:30 PM
Selecting Educational Materials

4:30- 5:30 PM
Case Studies

Saturday, May 17, 2003

(Held at ALAW Offices, 2625 Third Ave, Seattle)

7:00- 7:30 AM
Registration

7:30- 10:30 AM (Split Session)
i) Program Development and Outcome Monitoring

ii) Medication Delivery Devices and Peak Flow Meters

10:30- 11:00 AM
Peak Flow Monitoring

11:00- 11:30 AM
Break

11:30- 12:30 PM
Case Study- Developing Written Plans

12:30- 1:00 PM
Post Test and Wrap Up

Conference Objectives

Upon successful completion of this course participants will be prepared to:

Analyze the components of asthma education:

- lung pathophysiology
- in-depth assessment of physical status, environmental factors, learning style, and factors related to culture, language, socio-economic status, ethnicity, and educational level
- pharmacological interventions

Design asthma management and education plans for individuals from a variety of situations

- * This program is based on the candidate handbook released by the National Asthma Educator Certification Board. The Asthma Educator Certification Exam is available to qualified candidates at www.NAECB.org

REGISTRATION:

Registration deadline is May 2, 2003
Registration is limited to 50 people
(Cancellations prior to May 2, 2003 subject to \$25 fee.
No refund after May 2, 2003.)

Course Registration Fees: **\$350.00**

Total Enclosed \$_____
